

**Sealant Saturday needs your help!**

We are seeking dentists to volunteer a small amount of time on Saturday, February 11, 2012 from 9-1 at the St. Luke's Hospital, Quakertown on the Health Star Mobile Dental Van and on Saturday, February 25, 2012 from 9-1 at Ann Silverman Community Health Clinic located within Doylestown Hospital. This is an annual event sponsored by the Penna. Dental Hygiene Association. The Bucks County Health Improvement Partnership (BCHIP), Children's Dental Program has partnered with the Penna. Dental Hygiene Association by bringing this event into Bucks County for several years to help the needy children in the community. We need dentists perform examinations prior to sealant placement. The recruitment of hygienists and patients is done by the Penna. Dental Hygiene Association and BCHIP. So, please consider this community effort by working together and helping the needy children of Bucks County. Please contact Donna Wyatt, BCHIP Dental Program Coordinator at 215-453-4382 to volunteer your time.  
Thank you.
